Illustrations: Rebecca W. Keller ... - Real Science-4-Kids

the Earth was not stable (central and not moving), how did everything not bolted down keep from flying off the Earth as it rotated around the Sun? The physics of Aristotle was the scientific consensus view during Aristarchus' lifetime and that meant that a heliocentric cosmos would have violated the laws of physics! It was almost 2000 years

Ancient Egyptian Astronomy - GRADE 6 SCIENCE

The ancient Egyptians liked everything, even their astronomy, to be very orderly Using Astronomy to track the year Ancient Egyptian Astronomy was also used in the calendar, to determine when the thirteenth month should be added The calendar had thirteen months because the twelve lunar months were not enough to make up a whole year So, when
